

Case Study

The Hondsrug Tower,
(De Hondsrugtoren),
Emmen, The Netherlands

Residential

Shape
your vision

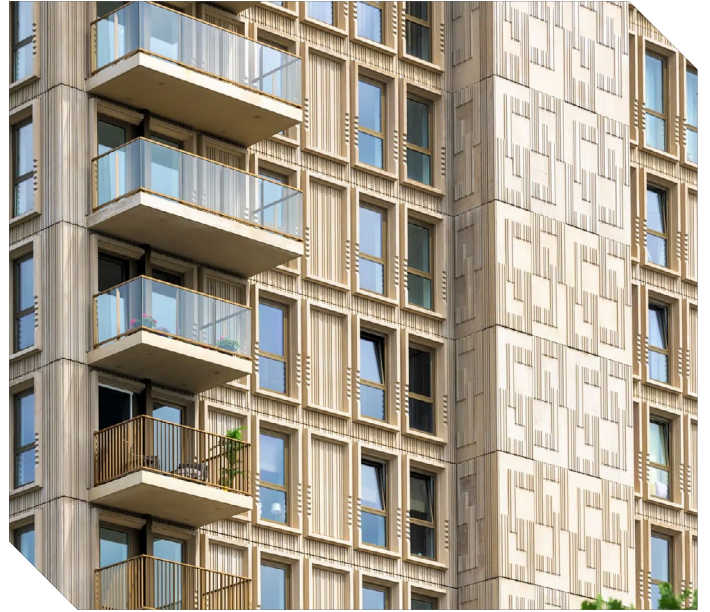

A True Landmark

In Emmen, the tallest residential tower in the province of Drenthe - The Hondsrug Tower (De Hondsrugtoren) - was recently completed.

From a distance, it stands as a true landmark at a height of 65 metres.

Up close, it is rich in detail.

The Novastruct RT 72 window system was exclusively chosen for Drenthe's tallest residential tower.

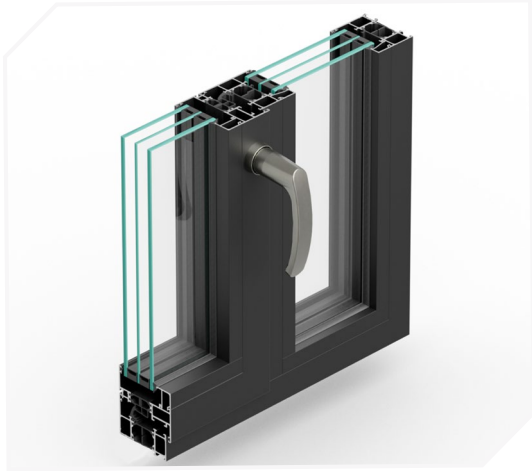

“Up close it is rich in detail”
